X-ES Introduces XChange1200, a 3U CompactPCI XMC/PMC Carrier

Middleton, WI – February 8, 2011 – Extreme Engineering Solutions, Inc. (X-ES) announces the immediate availability of the [XChange1200](#), an air-cooled, 3U CompactPCI (cPCI) XMC/PMC carrier card. Additional processing or I/O capability can be integrated into a 3U cPCI system by mounting a PMC, PrPMC, or XMC mezzanine module on the XChange1200.

The [XChange1200](#) features include:

- Single XMC/PMC site
- x1 PCI Express XMC interface
- 32-bit, 66-MHz PCI PMC interface
- I/O Routing from the PMC P14 connector to the cPCI backplane P2 connector
- No need for drivers

About X-ES — Extreme Engineering Solutions, Inc. (X-ES) designs and builds chassis, single-board computers, I/O, power, backplane, and system-level products within the embedded computer industry. X-ES offers cutting-edge performance and flexibility in design, plus an unparalleled level of customer support and service.
